Installation Information

A suitably qualified installer is required. Check product dimensions before commencing installation. Improper installation is not covered under warranty. The appliance must be used for the purpose for which it was expressly designed. Any other use for example heating rooms or heating coals on burner is considered to be improper and consequently dangerous. The manufacturer declines all responsibility for damage resulting from improper and irresponsible use.

DO NOT USE SILICONE FOR GLASS COOKTOP INSTALLATION.

The built-in oven can be installed below the gas cooktop as long as there is no contact between the bottom of the cooktop and the top of the oven.
